## About This Game

The judge of the kingdom of the dead is the guide of the dead to the afterlife, but what if the living cheated death? Then the god of the dead appears in the world of the living and kills the deceived. The aim of the game is to search for the insidious pharaoh who escaped death.

Anubis will be able to cut enemies with a sword, or destroy them with spells, the strength of which will depend on the choice of talents.

In the game you can hack enemies, use magic power, making a decision which is better to use the spell, in this or that situation.

In addition to the hack-and-slash massacre, we will explore the Egyptian "dungeon" and many more locations around it, in it we find a bunch of gold and

not less than a bunch of enemies. We can find useful potions and artifacts. And if you look carefully, you'll find secret zones too.

But we can run into traps, be careful!  
Prepare for the spirit of exploration!

You don't need this DLC at all to get the morninglight story and the items in it don't help you out in the game at all since they are just cosmetic fun stuff. If you like the game enough that you are considering purchasing the DLC do it and support SWL. If you don't want to pay full price (most of the DLC is over priced for what it gets you) wait for a sale.. This COULD be a nice game, but what ruins it

\* tedious UI, it just plain bad console UI, even for a console

\* Story is designed for repetitive gameplay, with a level up system which makes a fight either very simple or too hard.

\* Story tries to be engaging, but fails with simple "character images + text" kind of display

Unless you are a hardcore fan of match-3, stay away. A very interesting Visual Novel that any fan of the genre should play. A bit dissapointed at the length and that it took a lot of trial and error to get all endings but i can't whine too much when it's free for anyone to play. Overall it's great though and anyone should give it a go.. this game has tons of potential, but where is the challenge? aside from towns people dying from unsanitary conditions there really isnt one. No raider attacks, i would have liked to see at least 1 attempt on my base in the 3 hours ive been playing. I was supposed to meet some opposition after 3 years but that guy was a no show. but whatever, maybe when its finished it will be great.. It may take some time to master Fractal, but once you do you begin to appreciate the simplistic nature of this indie puzzler, even if it may feel too minimalistic for its own good. A soothing soundtrack and pleasant presentation make Fractal a good game to play any day, despite its difficulty. 7.6/10.. Complete Rng bull that ruins the game, unless you get a good start you will lose and Exp does not matter since you always need to spend it just to use abilities.

I appreciate what these guys did, however after beating it in 15 mins I just was confused. Is this supposed to lead to more? Is this it? It was interesting if you take a bit more time and are naive about how you investigate. I either got super lucky and discovered all of what I needed right away or was an amazing detective. Again, great work by these guys. Just confused for a super quick "tech demo" with no apparent follow-up. My recommendation if you get it, take your time and look around a bit longer.. Cute storyline!. Great game! I was surprised at how good it looks for how old it is.. This is very very good! So much potential, hope a full game is released based on it. Love the interactions with the little characters, very cute.. battlepillars..... come on now battlepillars. your dad thinks you need a good beating man.. Not as good as other titles in the series. It's a good concept, and the changing gravity allows for interesting combo possibilities, but the game overall gets very boring, very quickly. Combat is surprisingly slow, the hacking minigame comes up frequently and gets old fast, and the resource\crafting system is baffling. Very disappointing.. I love the settings and obstacles you have put in this game. I recommend this game to kids between 3-9 as it is not violent at all. Others above that age limit could also enjoy playing this game.
